

Letter to the Office of Youth Ministry

As the second year of Confirmation Preparation begins it is important for a candidate to reflect on their formation up to this point. As a tool to help each candidate process their own thoughts, feelings, and desires we ask that they write a letter to the Office of Youth Ministry reflecting on their year last year and why they desire to continue with formation and proceed towards the Sacrament of Confirmation. This letter should be written (typed or handwritten) by the candidate and should include topics such as: who the candidate is, what they learned last year, what they hope to learn this coming year, why they desire to receive the Sacrament of Confirmation, how they plan to live out their faith in the years after Confirmation.

This letter must be submitted to the Office of Youth Ministry no later than September 13, 2017.
